I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I cannot tell you how big a difference the progesterone that Madison Pharmacy in Wisconsin specially compounds for me makes in my daily life. IF I am unable to get the medication from the place I trust, I will be very very disappointed with the freedoms the FDA will have taken from me & thousands of other women. The thought that this is even a possibility is ludicrous to me.
